## 28" MIDGET HOIST - World's SMALLEST HOIST

**World's best and only vehicular maintenance tool which enables ONE MAN to replace 15 parts of a vehicle alone, without lifting the trucks on air.**

### BRIEF

**28" Midget Hoist,** The world's smallest maintenance tool, is the most revolutionary hoist, which enables one mechanic to perform work of 2-3 men in replacing 15 different parts of vehicles of all types (over 2000 Lbs) without lifting the vehicles on air, **FASTER, SAFER and EASIER, also *saving bodily injury and down time.***

It is also ideal for road and out of shop repairs, yet it weighs only 64 pounds.

The **28" MIDGET HOIST™** was already purchased by the US Air Force, US Navy, US Army Depot, the National Guard, and private companies such as Arrowhead Water, Burlington Northern and electric companies. The Army of a foreign country had also recently purchased a few units.

The MIDGET HOIST™ enables the mechanic to maneuver the parts he replaces 360 degrees for easy alignment and installation. Also, using the mini hoist, mechanics no longer carry the parts, which perfectly complies with the new safety codes prohibiting mechanics from carrying more than 40 lbs.

**BUSINESS OPPORTUNITY - BUY IT OR BECOME A PARTNER**

GENERAL:

**Revolutionary World's Smallest Hoist Replaces 15 Parts Of Heavy Trucks And Buses By One Person; Triples Productivity, Prevents Injuries; Made In The USA.**

# 28" Midget Hoist™

## Universal Automotive Vehicle Parts Puller

Replaces 15 parts by one man without lifting the vehicle

### 1. Product:

#### 28" Midget Hoist™

- 4. Users:**
- A. Every truck shop repair
  - B. Every transportation company
  - C. Every company who owns any of the types of vehicles described in section 3-B
  - D. Every shop or company who repairs any of such vehicles
  - E. Every vehicular stop on freeways
- 5. Uniqueness:**
- A. There is no such a tool
  - B. This is the only tool of a kind
  - C. The techniques are not known, so the Efficiency has not been exposed
  - D. It was examined, approved and purchased by:  
U.S. DEFENSE  
U.S. ARMY  
U.S. AIR FORCE  
U.S. NATIONAL GUARD  
U.S. NAVY  
**It was also purchased by some private companies. All together: About 85 hoists.**
  - E. The U.S. Defense granted it a National Stock Number 4910-01-368-7623
  - F. It saves thousands on down time saving and bodily injury
  - G. It pays itself in two weeks (If manufactured in China)
  - H. This is the most revolutionary invention in the history of vehicle maintenance. For the right retail price, every shop repair will buy it, and many others for other usage.

## **PHOTOS of midget hoist - A**

**THE FOLLOWING PHOTOS DEMONSTRATE**

**THE EFFICIENCY AND FLEXIBILITY OF THE HOIST  
TO BE PLACED UNDER EVERY VEHICLE  
TO REMOVE 15 PARTS. THIS CHANGES THE METHOD OF REPAIRING EVERY  
VEHICLE OVER 2000 LBS.**

**REMOVAL OF A BRAKE DRUM: A**

**REMOVAL OF A BRAKE DRUM -B**

**HOIST HOOKED TO BRAKE DRUM**

## PHOTOS – C

### Removal Of Differential (Old Hoist)

**Note:** This function, if using a floor cherry picker, may takes up to 8 hours.  
With the hoist: Less than 20 minutes. After connecting the Book extension to the neck of the Differential, the man can maneuver the hoist 360 degrees (Base has wheels), and up/down (with Jack), then lower it on the moving arms of the base!!

### Removal Of Transmission Splitter Box (60 Lbs)

**PHOTYOS - D**

**Removal of Drive Line**

**Note:** To either replace, or moving it out of the way to reach other parts.

**Removal Of (Rear) Springs**

**Note:** To either replace, or moving it out of the way to reach other parts.
